Remarks

Director: Leaders are made, they are not born. They are made by hard effort, which is the price which all of us must pay to achieve any goal that is worthwhile.

Principal: Each person holds so much power within themselves that needs to be let out. Sometimes they just need a little nudge, a little direction, a little support, a little coaching and the greatest things can happen.

Administrator: The only reason for a school service is precisely to provide academic support to the public or else there would be no point in the school's involvement at all.
